# In your opinion, what is your workload during the pandemic?

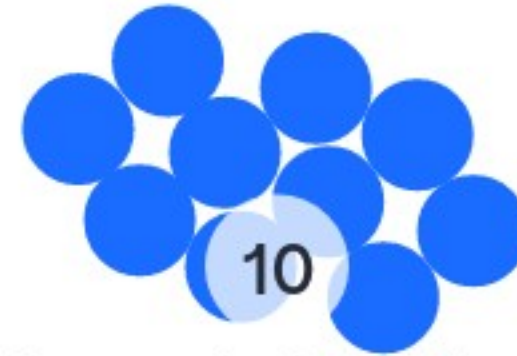

# Is it difficult to ensure work-life balance when you work from home?

# What is the most annoying thing about online meetings?

There is no sound when connected

You have to comb your hair and put on professional clothing

Children or a cat are running around

You have to re-arrange the part of the room that people can see in the background

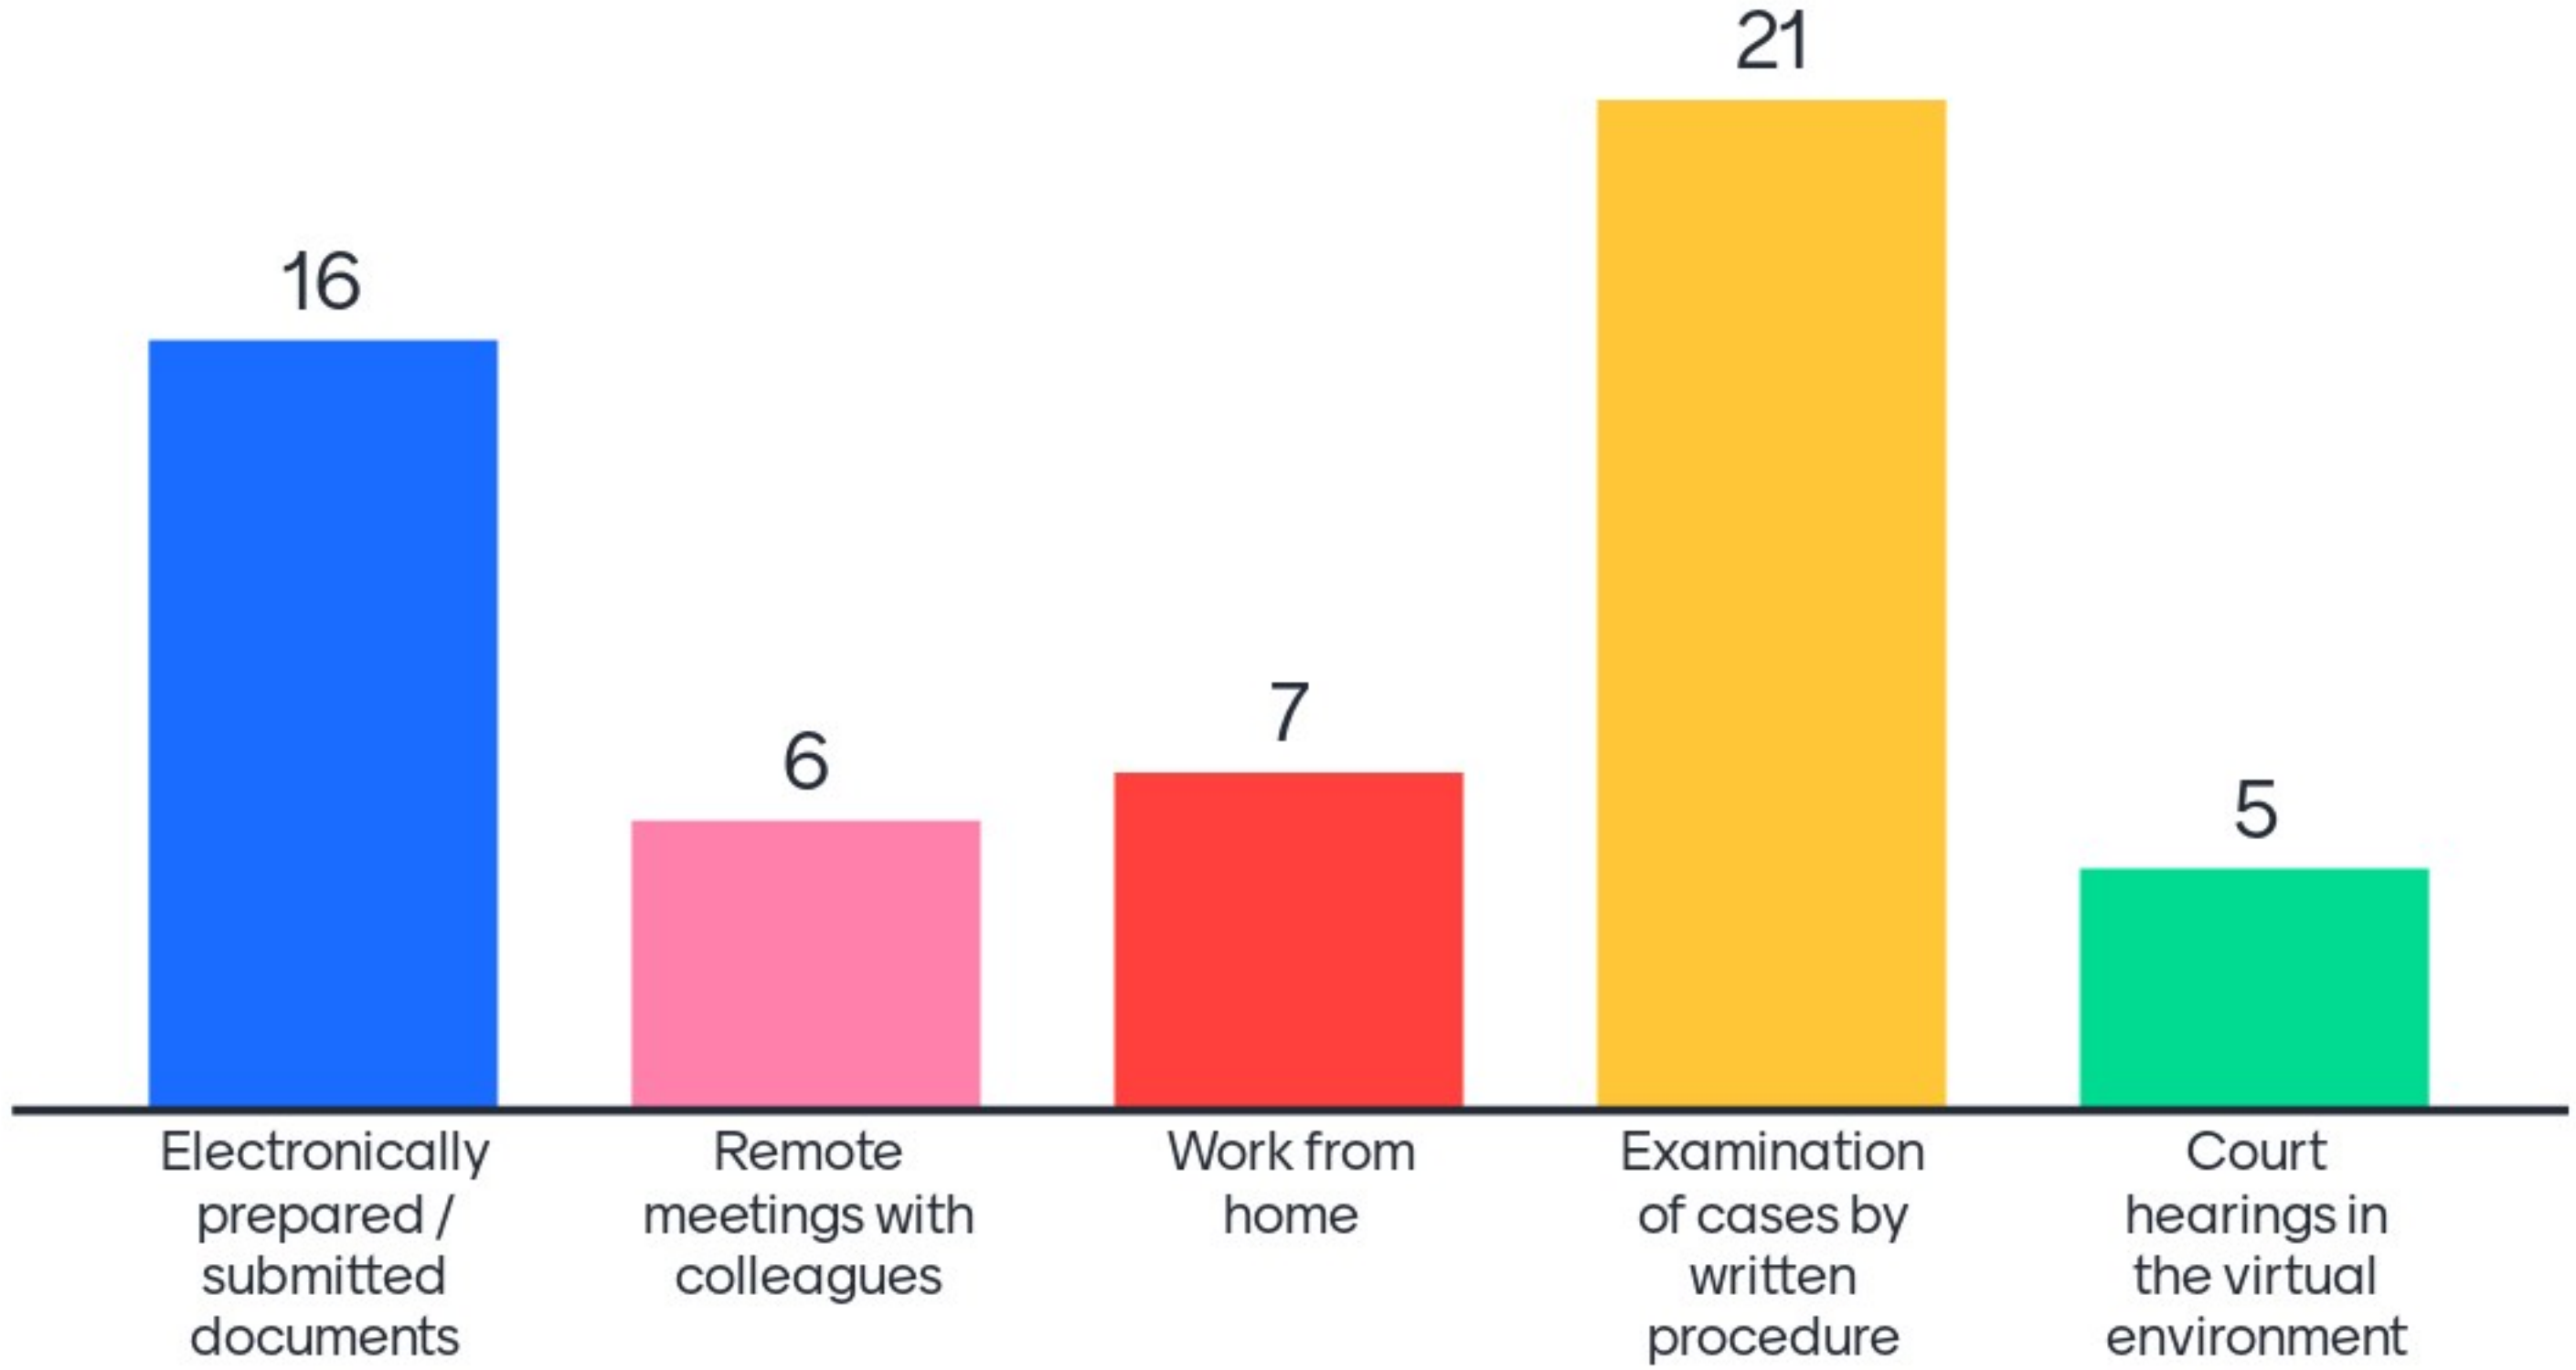

The video "freezes" with a funny facial expression

There is nothing better than a video call

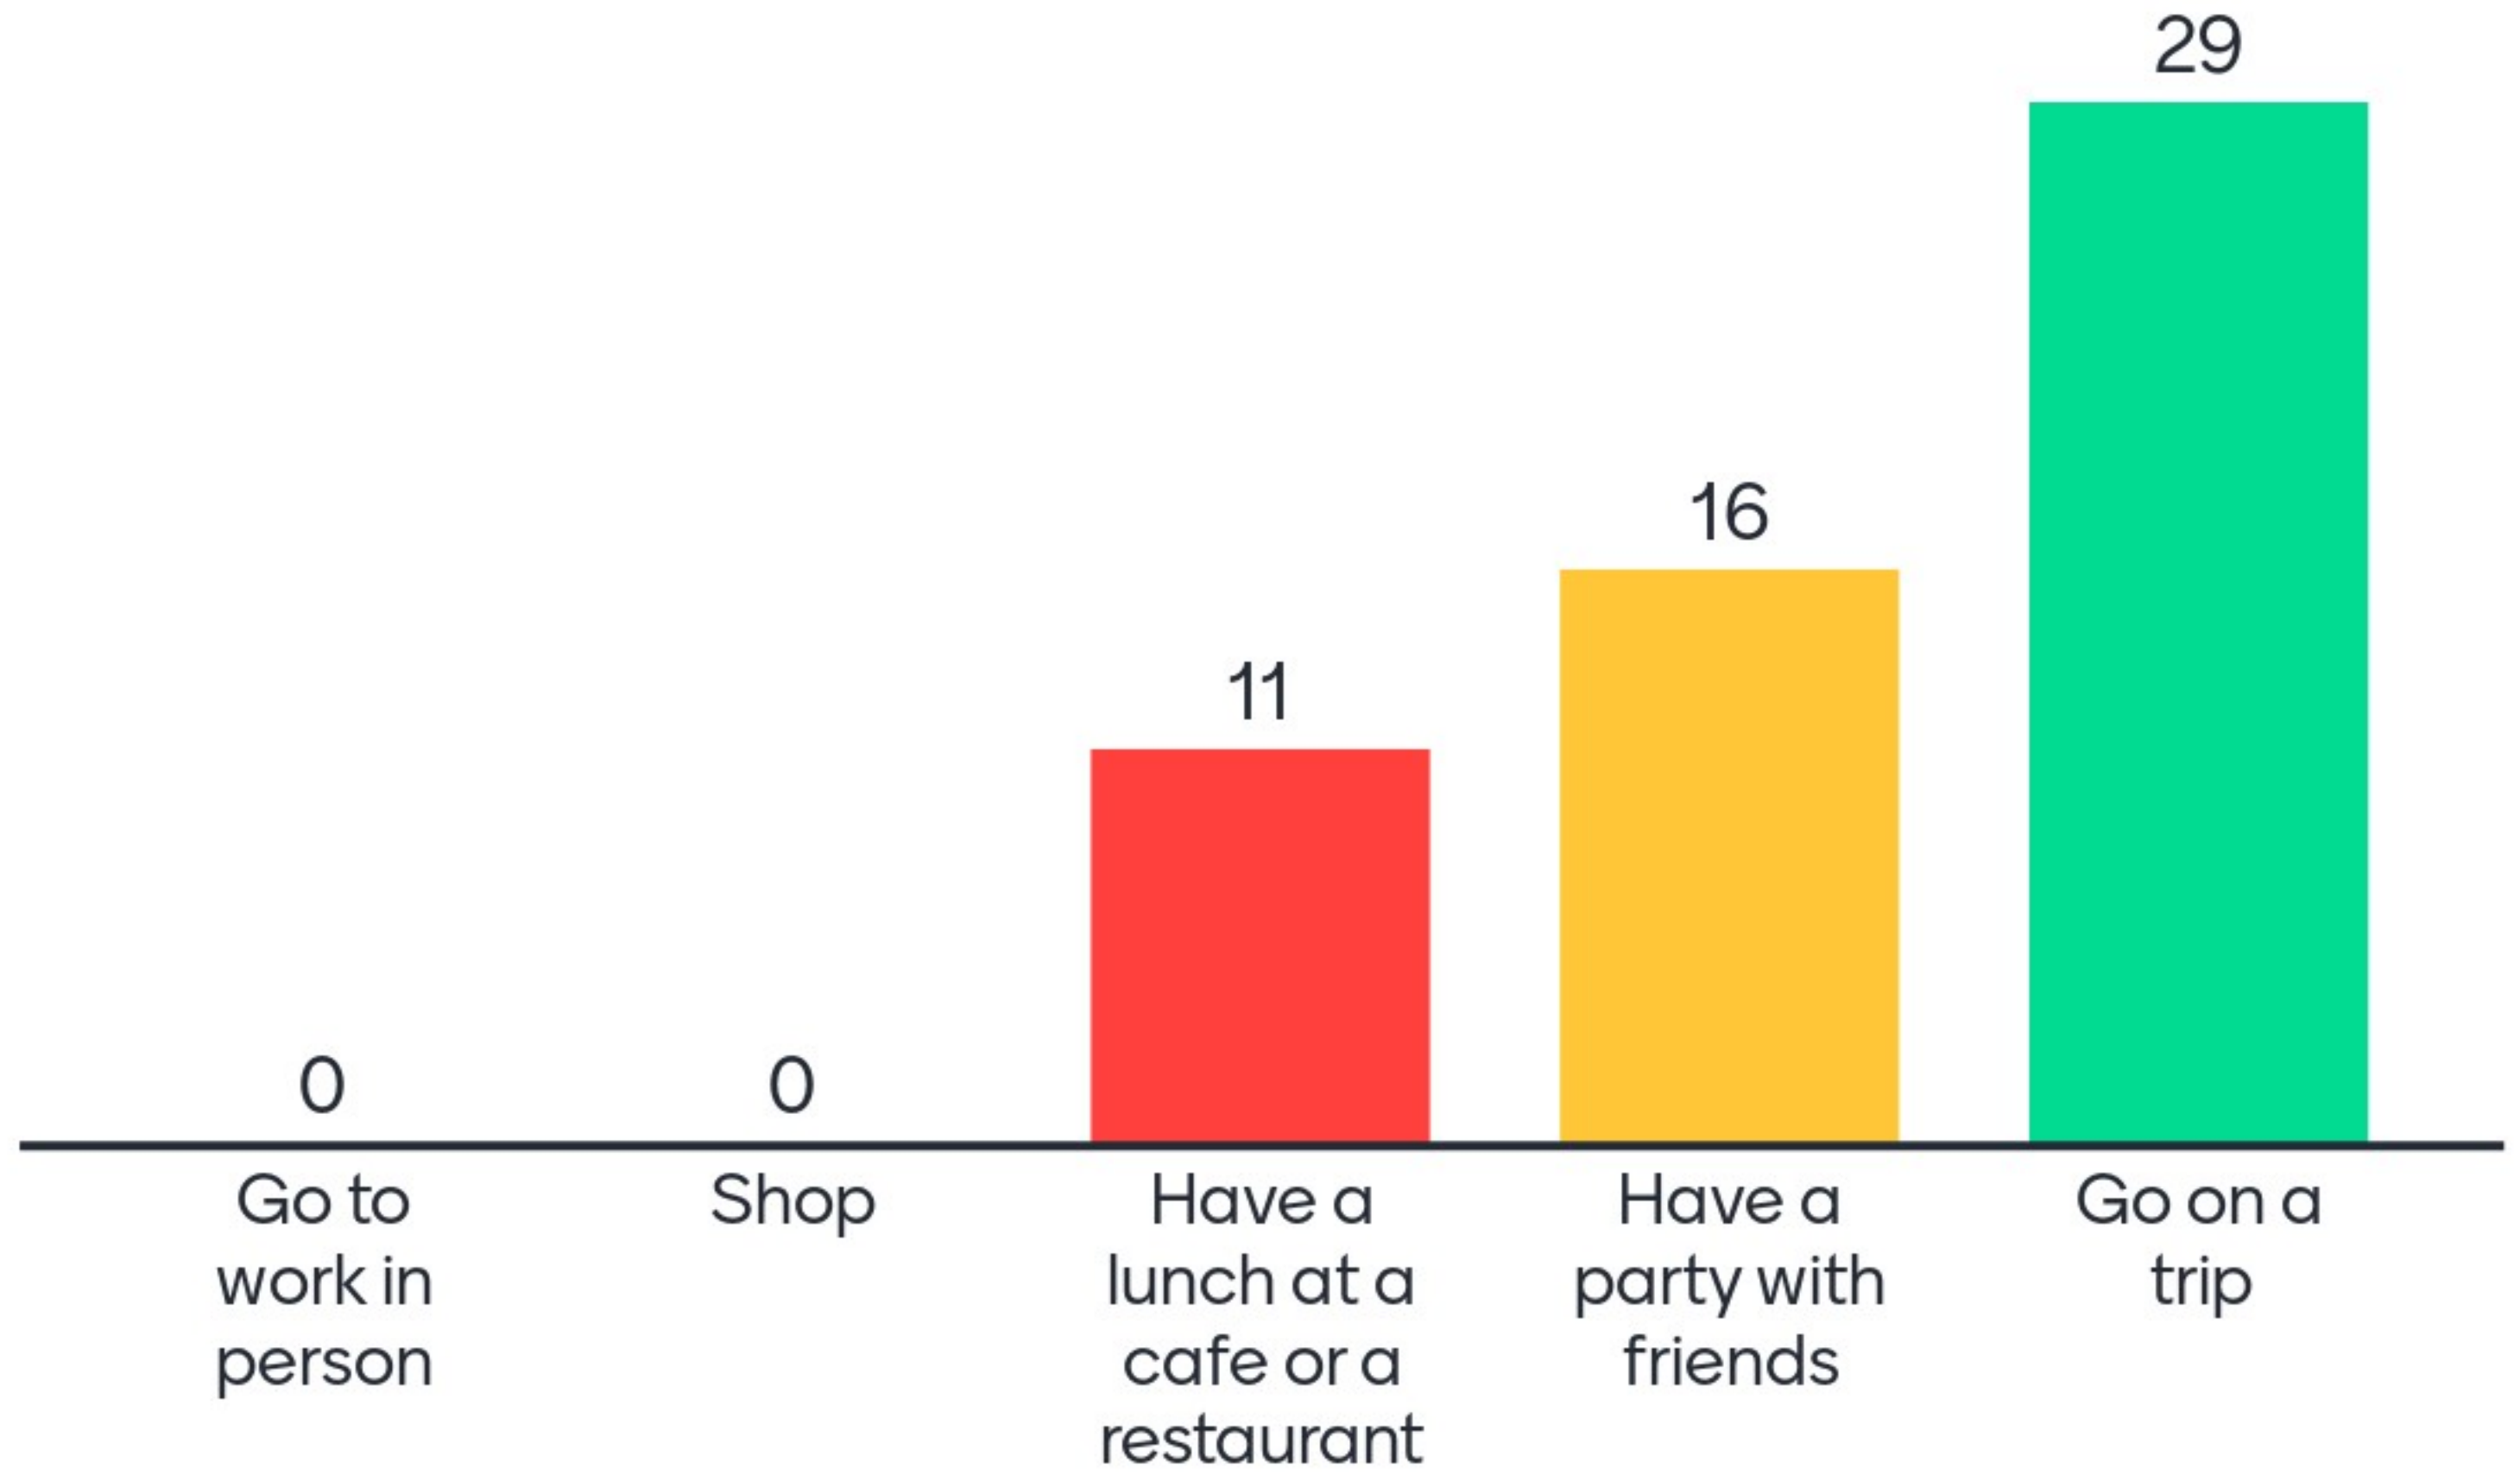

# Which digital tool / solution do you find the most convenient?

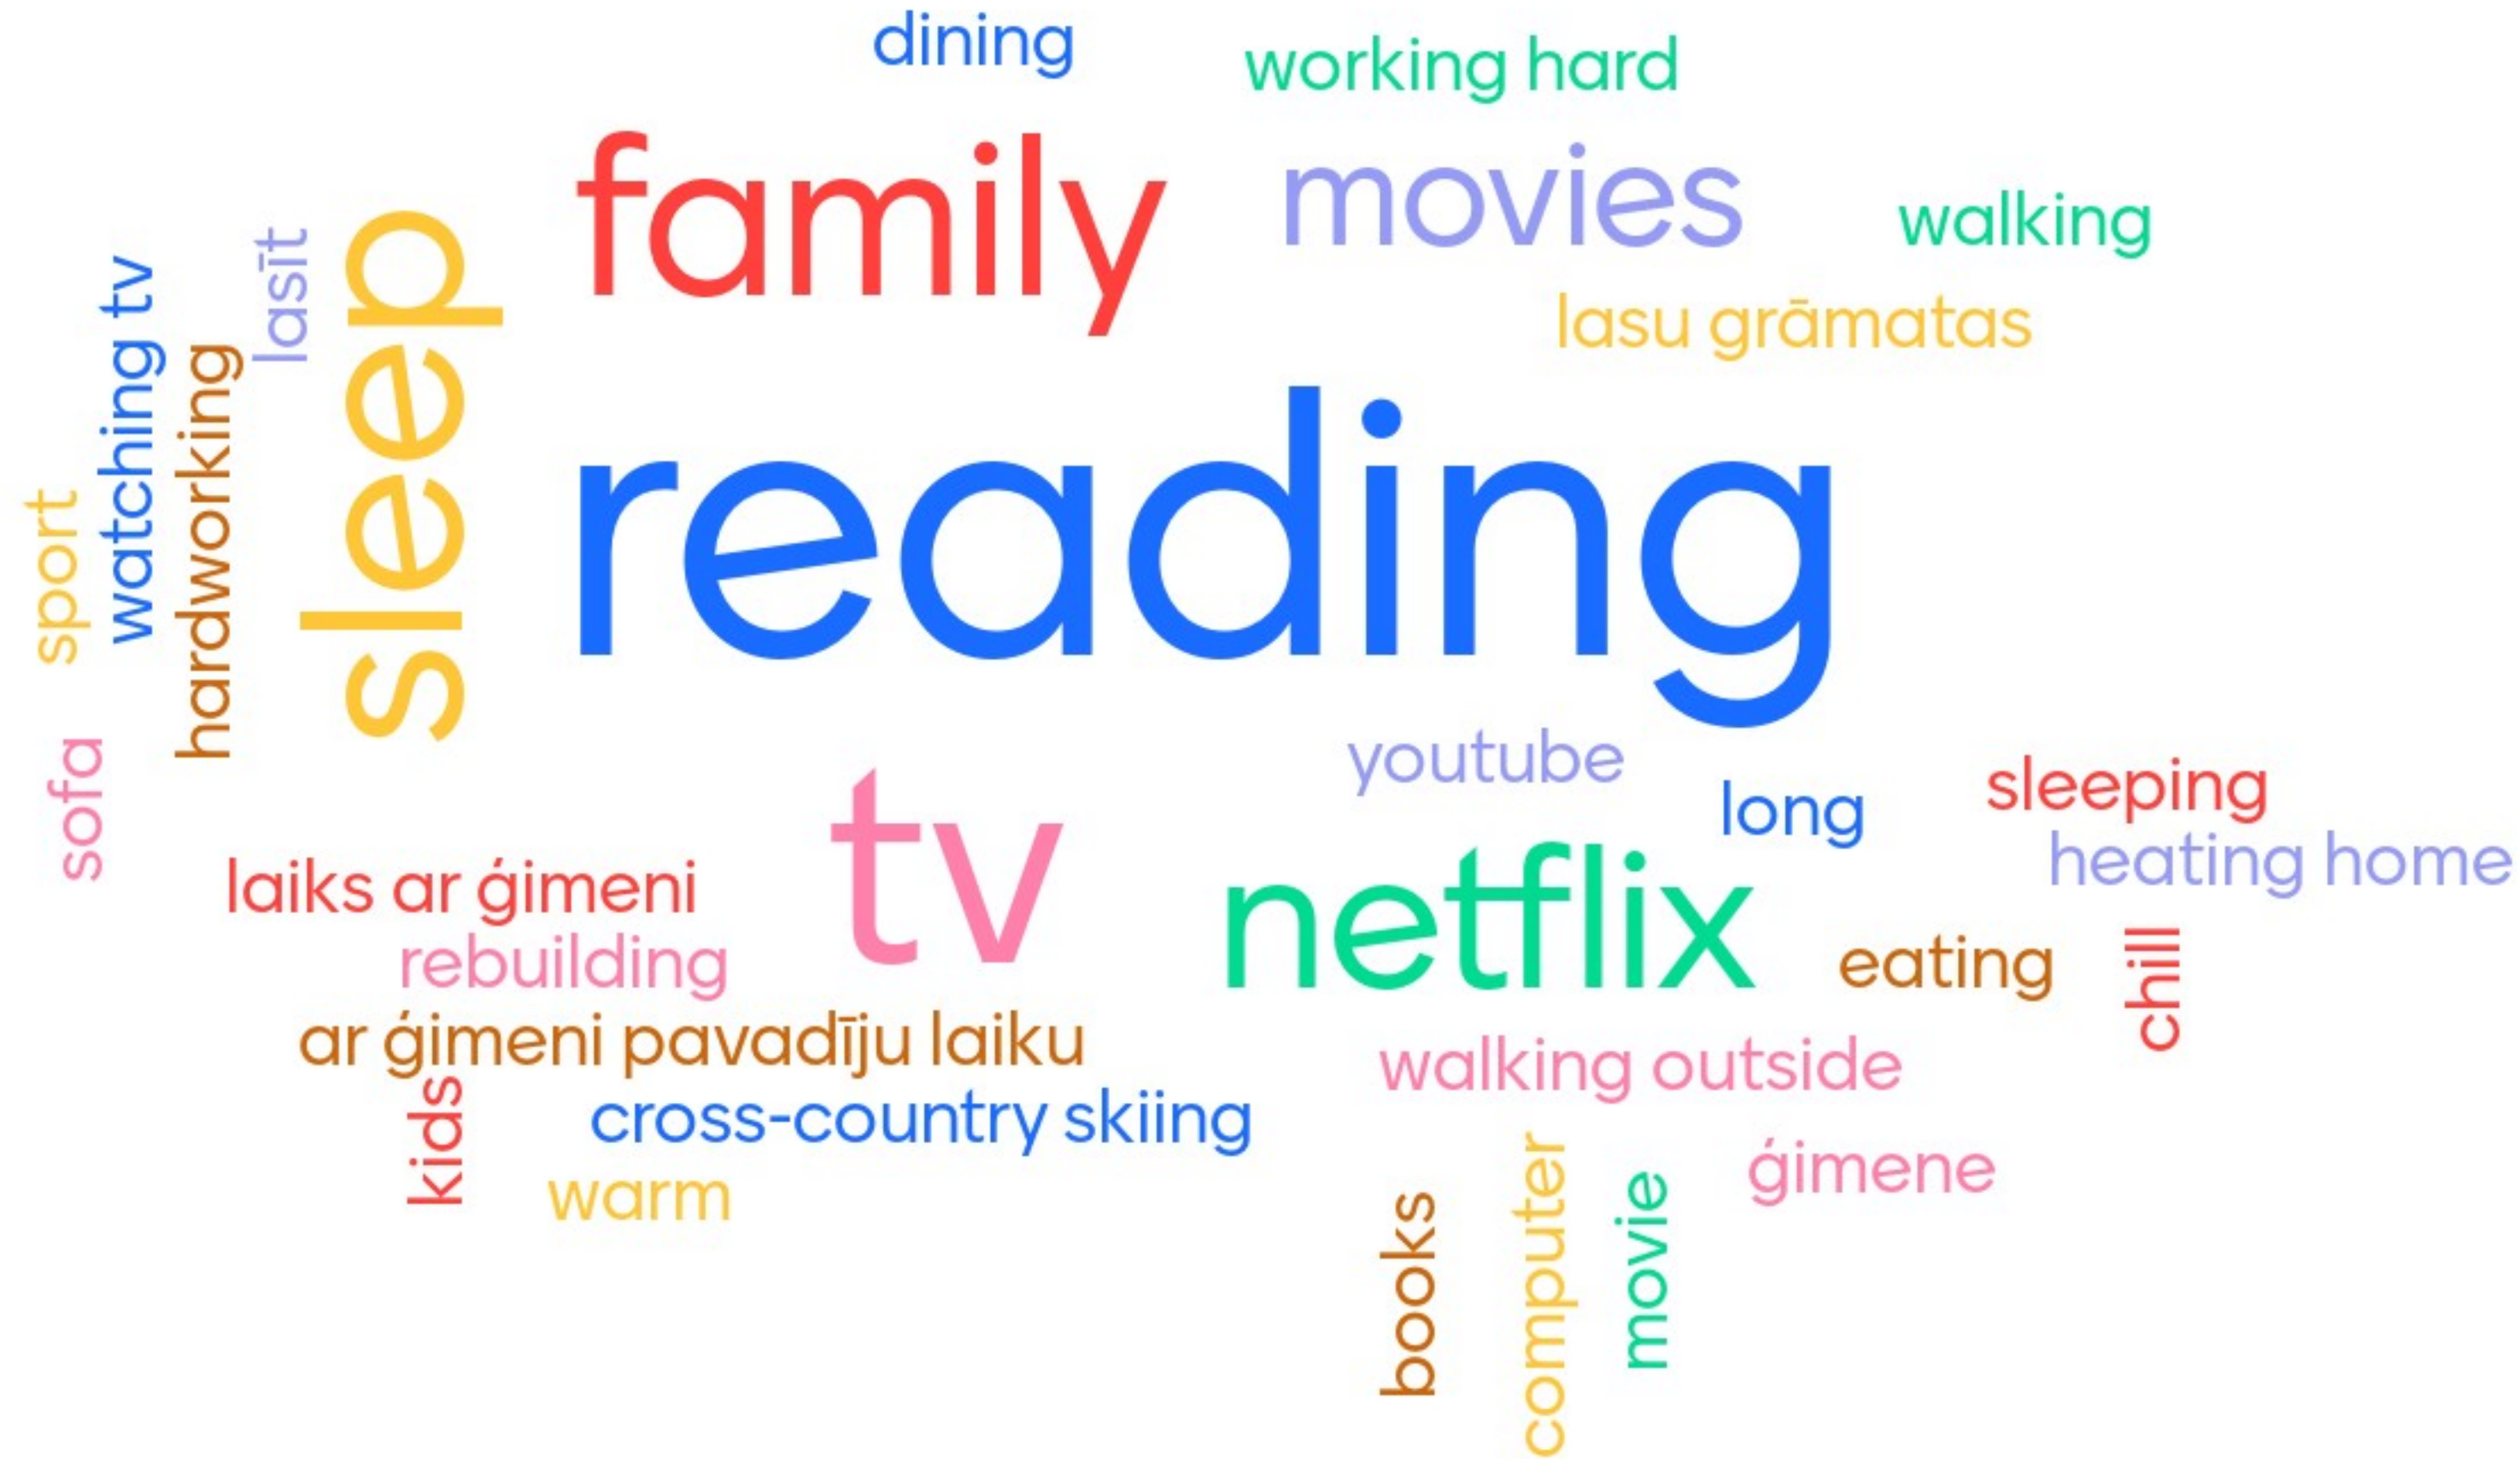

# What do you think your colleagues do when their camera is off?

# Activity that is not allowed at the moment, but that you would really like to do:

Please think of one word that best describes how you spend long winter evenings

# What gives you the most satisfaction in your work?
